

# Formularios

# Un form de **registro**

html

```
<form action="/registro" method="POST">
  <label for="nombre">Nombre y apellido</label>
  <input type="text" name="nombre" id="nombre">

  <label>Email:</label>
  <input type="email" name="email" id="email">

  <label>Elegí tu contraseña:</label>
  <input type="password" name="password" id="password">

  <label>¿Quieres recibir nuestras ofertas en tu
email?</label>
  <input type="radio" value="si" name="newsletter" id="si">
  <label for="si">Si</label>

  <input type="radio" value="no" name="newsletter" id="no">
  <label for="no">No</label>

  <button type="submit">Registrarse</button>
</form>
```

A visual representation of the registration form rendered in a browser window. The window has a title bar with three colored buttons (red, yellow, green) and a search bar. The form itself is a light gray rounded rectangle containing the following elements: a label 'Nombre y apellido' followed by a text input field; a label 'Email' followed by an email input field; a label 'Elegí tu contraseña' followed by a password input field; a label '¿Quieres recibir nuestras ofertas en tu email?' followed by two radio buttons labeled 'Si' and 'No' (the 'No' button is selected); and a blue button labeled 'Registrarse'.

# Un form de login

html

```
<form action="/login" method="POST">

  <label for="email">Email:</label>
  <input type="email" name="email" id="email">

  <label for="pass">Contraseña:</label>
  <input type="pass" name="pass" id="pass">

  <input type="checkbox" value="recordarme"
name="recordarme" id="recordarme">
  <label for="recordarme">Recordarme</label>

  <button type="submit">Iniciar Sesión</button>

</form>
```

A visual representation of the login form rendered in a browser window. The window has a title bar with three colored buttons (red, yellow, green) and a search bar. The form itself is light gray and contains the following elements: an 'Email' label above a text input field; a 'Contraseña' label above a text input field; a checked checkbox labeled 'Recordarme'; and a blue button labeled 'Iniciar Sesión'.

# Un form de **contacto**

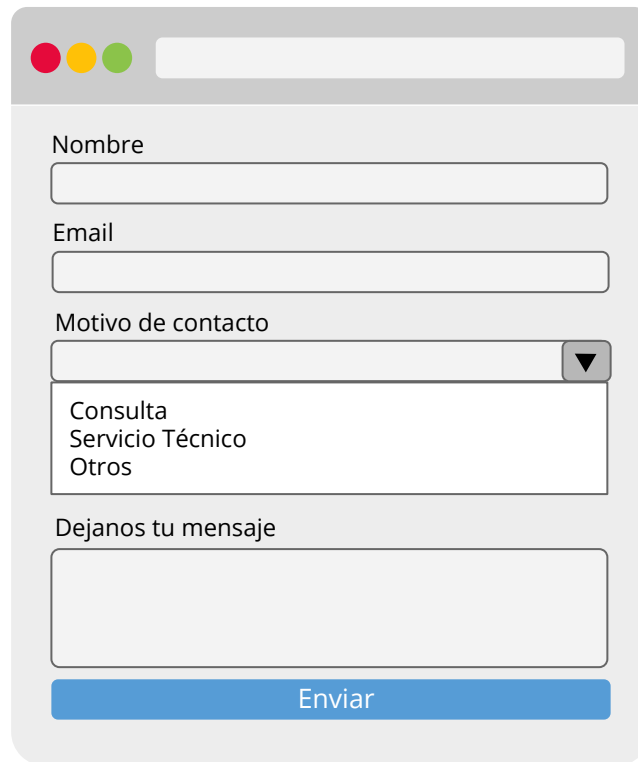

html

```
<form action="/contacto" method="POST">
  <label for="nombre">Nombre</label>
  <input type="text" name="nombre" id="nombre">
  <label for="email">Email</label>
  <input type="email" name="email" id="email">

  <label>Motivo de contacto</label>
  <select name="motivo" id="motivo">
    <option value="consulta">Consulta</option>
    <option value="servicio">Servicio</option>
    <option value="otros">Otros</option>
  </select>

  <label for="mensaje">Dejanos tu mensaje</label>
  <textarea name="mensaje" id="mensaje"></textarea>

  <button type="submit">Enviar</button>
</form>
```

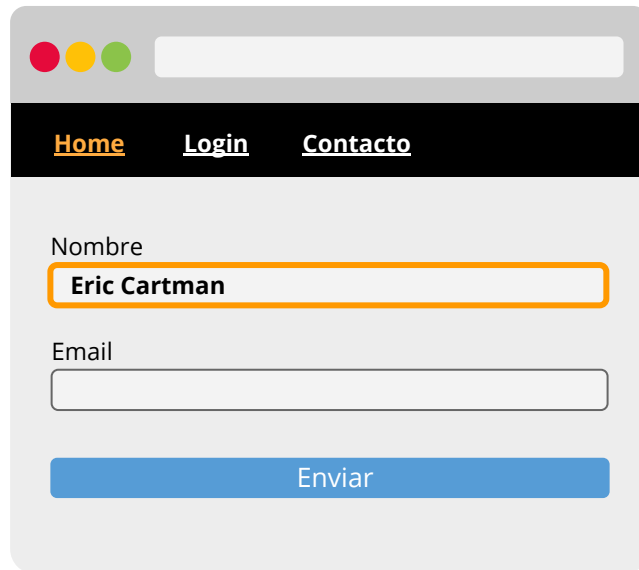

A visual representation of the contact form in a browser window. The window has a title bar with three colored buttons (red, yellow, green) and a search bar. The form contains the following elements:

- Nombre:** A text input field.
- Email:** An email input field.
- Motivo de contacto:** A dropdown menu with a downward arrow icon. The menu is open, showing three options: "Consulta", "Servicio Técnico", and "Otros".
- Dejanos tu mensaje:** A large text area for a message.
- Enviar:** A blue button with the text "Enviar".

# Pseudo-classes

CSS

```
a:visited {  
    color: orange;  
}  
  
input:focus {  
    border: orange 3px solid;  
    font-weight: bold;  
}
```
